*A guide to creating Photo Presentations*

## Adding a Visual Reflection to the Service

A photo presentation can provide a meaningful moment of reflection during the Service where sometimes words are difficult to express, or perhaps not enough to describe somebody's life. Accompanied by the music of your choice, the presentation can provide a lasting memory for generations to enjoy.

### Creating your Own Photo Presentation at Home

- ◆ 30 photos are ideal for most average length songs (3.5mins).  
60 photos are ideal for 2 songs.
- ◆ The song of your choice will need to be timed to your photos to ensure the music and photos finish simultaneously.
- ◆ Photo presentations created by families need to be provided to Fry Bros digitally as an MP4 file **1 business day before the Service**. *This ensures the presentation is in the correct format, ready to be shown on the day of the Service.*

Completed photo presentations can be provided using WeTransfer.com to [admin@frybros.com.au](mailto:admin@frybros.com.au) or provided on a USB to one of our offices.

\* Additional costs may apply in excess of 60 photos. Late fees may apply.
